

A New Year Resolution

80
Per
Cent
Per
Annum

WORTH THE MAKING is a resolution to make more money the coming year than any other year before. We can help you out. Next New Year you'll find you have delivered the goods if you hook up right now with a bunch of "Mayflower" at 25 Cents. That's the lowest price the stock will ever see. It's dollar stock selling today at a quarter per, to get acquainted. It will advance to a dollar soon, and more too, because it's worth the money. We state our deliberate conviction that it will be worth well over the dollar mark before the dawn of next New Year, and on its merits as a dividend payer. **BUY "MAYFLOWER" STOCK. BUY IT NOW!**

If you don't buy now, you'll be keeping company, pretty soon, with keen regrets. But in at the low price, for the stock will soon take a walk forward. Money is crystallized labor. Every spare dollar a man has ought to be at work for him hard. If you haven't many spare dollars it's all the more reason why you should place them where they will work as hard and as fast for you as ever possible. And there is no speedier way to get a start on the road to competency, if not affluence, than buying into real, genuine mining stock at the first price. You will make in the advance on the stock, and you will get returns from "Mayflower" before another New Year. **"MAYFLOWER" STOCK. BUY IT NOW!**

You may think I talk pretty proudly, and you are not in error. But there is nothing in the world I am so confident about as the success, and the spectacular success, of the "Mayflower" Mine. If you know as much about it as I do you would be convinced to the last degree that I am justified in my confidence. Where even the remotest chance of failure exists, I cannot see, in a proven gold property, with a splendid plant on the ground, every facility for economical mining, and all under the masterly management of one of the ablest "Captains of Mining" in the United States. Call for our prospectus. Every statement therein is guaranteed straight truth, with no exaggeration or amplification. We're handing you out no Fancy Stories. We only desire to shoot the facts into you. I'm making a noise this New Year which will echo in dividends next New Year. The quicker you get in, the cheaper you'll get in on the best and safest mining stock that ever came up the pike. Get busy and buy! **BUY "MAYFLOWER" STOCK. BUY IT NOW! CALL OR WRITE FOR A PROSPECTUS. YOURS FOR THE ASKING.**

IT IS GRATIFYING to know, however kind the malfeasance may have been toward the Honolulu poor on Christmas Day, that two philanthropic ones quietly and unostentatiously gathered about them in the immediate vicinity of Makiki, where they live—old and young, mothers with babies and children of all ages, to a Christmas tree, where there were presents for everybody, including unlimited bags of candies and nuts. Mr. and Mrs. Gerrit P. Wilder had a large Christmas tree in an out-building, beautifully decorated,—a tree which brought pleasure and joy to many a lonely heart, and sent old and young alike on their way rejoicing. There were men of eighty years present and many very old Hawaiians. None were forgotten, and, according to their needs, made happy. A good feed of ice cream, cakes, sandwiches, and other delicacies ended a happy day, and the host and hostess must have felt the real Christmas glow, for did they not interpret to the letter the true message of the Christ-child?

Christmas Dinner

One of the most delightful dinners given on Christmas Eve was that of Civil Engineer Parks, U. S. N., and Mrs. Parks, at the Alexander Young Hotel. A monster Christmas tree occupied the center of the table, ornamented with glittering tinsel and greens, and pretty gifts, which gave much interest to the affair, as they were presented by the host with appropriate remarks. Holly berries, red carnations, and red silk candle-shades made the table most brilliant to look upon. The place-cards were photographs of "Christmas at Waikiki." The guests included Lieut. and Mrs. Ward, Corps of Engineers, U. S. A.; Miss Edith Smith, Miss Frear, Lieut. Hall, Lieut. Dougherty, Corps of Engineers, U. S. A., headquarters at Waikiki. Coffee and liqueurs were served on the roof garden.

At the Christmas luncheon at the

Alexander Young of which Mrs. Parks and Miss Frear were hostesses it was remarked that Mrs. Frank Dillingham looked handsome in an exquisite lingerie gown over blue silk. Mrs. Foster, wife of Major Foster, of the U. S. Army, also looked remarkably well, and Mrs. Wadhams' frock was a dream—a French dream, of course. Mrs. Walter Frear, wife of the Governor of Hawaii, and Mrs. Corwin P. Rees, wife of the commandant of the Naval Station, were the guests-of-honor. The others asked to meet them included: Mrs. Dunling, wife of the commanding officer of Fort Shafter; Mrs. Winslow, Mrs. Foster, Mrs. Atkins, Mrs. Wrightson, Mrs. Frank Dillingham, Mrs. Philip Andrews, Mrs. Wadhams, Mrs. Robertson, Mrs. Winters, Mrs. Parsons.

Miss Locke's program for her lectures for the coming season will be as follows:

Psychology of Wm. James and The Modern Drama—Six lectures; with the Art Class once a week on each of these weeks and to March 9 inclusive: Jan. 5, Jan. 12, Jan. 19, Jan. 26, Feb. 2, Feb. 9. The time may be either 10:30 a. m. or 3:30 p. m.

Comparative Study of Goethe's Faust with the Trilogy of Balzac. The Trilogy includes: The Magic Skin, Louis Lambert, Seraphita—Six lectures: March 30, April 6, April 13, April 20, April 27, May 4.

Dante; Paradise, with Review of Inferno and Purgatory—Six lectures: Feb. 16, Feb. 23, March 2, March 9, March 16, March 23. The time may be either 10:30 a. m. or 3:30 p. m.

Miss Helen K. Wilder, after a very pleasant visit here, returned in the Alameda to Watsonville, Calif., where she owns a ranch. Her bungalow is one of the show-places of the countryside, so perfect is it in every detail, particular care being paid to the arrangement of the rooms and their furnishings. Miss Wilder will return in August with her friend, Miss

Copeland, and they will tour the world. She was much entertained while here, but her dislike of formal dinners was too well known to encourage much hospitality in that direction, but cozy teas and bathing parties were given quite frequently in her honor.

Notable among the many charming women at the Moana Hotel on New Year's even were Mrs. J. Charles Green, of San Francisco, and her sister, Miss Lydia Gibbons. Mrs. Green was radiant in a directoire gown of corn-colored tulle and wore some of the handsomest diamonds ever seen here. Miss Gibbons was girlishly beautiful in a dainty frock of figured mull.

Mrs. A. M. Brown has returned from California after a six months' visit, looking very handsome, and she had a delightful visit, her friends vying with each other to entertain the fair young matron of Hawaii.

On Tuesday next, Mr. and Mrs. J. Charles Green, and Miss Lydia Gibbons, who are visiting here from San Francisco, will leave on the Mauna Kea for a trip to the Volcano.

Miss Marion Scott was an arrival from California this week, where she has been enjoying a very pleasant outing.

Major and Mrs. Winslow, who have been at the Moana hotel, are at the McCandless place at Waikiki.

Mr. and Mrs. Ranney Scott will occupy the von Holt Waikiki place about February first for a year.

Mr. and Mrs. Swanzy and Mrs. Mary Gunn are having a very pleasant outing at the Volcano.

Mr. and Mrs. J. McCandless and family are occupying the Hobson place on Nuuanu avenue.

Miss Anna Danford has been spending a few days with Miss Krupp at the Moana hotel.
